

MEMORANDUM FOR: GENERAL CABELL

STATINTL

██████████ has forwarded the attached proposed Regulation (Tab A) concerning the Psychological and Psychiatric Programs to you through this Office.

STATINTL

In view of the history of this paper I hesitate to ask ██████████ to make any changes without first conferring with you. I do believe, however, that the proposed Regulation falls far short of its mark in that it isn't a clear Regulation and I don't believe it accurately reflects the sense of our last meeting.

Without getting into the details I have hastily dictated what I got out of the last meeting

MEMORANDUM FOR:

STATINTL

and it is also attached. (Tab B)

I would recommend that we ask ██████████ to take another crack at this before we have another meeting on the subject.
